CONSOLIDATED CARPET ANNOUNCES OPENING OF NEW 80,000 SQUARE FOOT CORPORATE OPERATIONS CENTER AND SALES OFFICE IN CARLSTADT, NJ

NEW YORK—June 24, 2008—Celebrating its 65th year in business, **Consolidated Carpet** continues to grow and lead the country as one of the nation's premier flooring contractors. After almost 30 years based in Brooklyn, NY, the company has moved its operations to a **newly purchased 80,000 square foot corporate operations center and sales office in Carlstadt, NJ**, which replaces its Brooklyn facility. Consolidated's headquarters will remain on 25th Street in Manhattan.

Opening A New 80,000 Square Foot Operations Center and Sales Office

The facility is designed as a total showroom. Every part of the exposed floor will showcase a product furnished and installed by Consolidated, including a warehouse that will feature a number of industrial flooring systems, a new market for Consolidated. The company will also use this opportunity to expand its presence in the New Jersey market. "The move to New Jersey presents a number of significant opportunities, not only to grow, but also to improve our efficiencies and provide an unparalleled level of service to our clients," states David Meberg, president of Consolidated.

Diversifying Our Services

In the past two years, Consolidated has focused on broadening its market breadth by exploring market segments outside of its core commercial carpet background. As alternative surfaces have allowed Consolidated to extend their product offerings, the company has focused on expanding its capabilities in the hard goods market and in self-leveling and poured surface finishes. An example of their success is illustrated by the contract awarded to Consolidated for work at the new stadium for the New York Mets, Citi Field. This project includes over 25 different finishes including carpet, rubber, linoleum, raised flooring, sport surfaces and finished concrete.

Expanded Sales and Marketing Team

“Our ability and desire to continuously change our company’s approach to the market is the key to our success,” says David Meberg. The company has also hired a number of new employees to run the center, including a sales and marketing team that will provide sales support for New Jersey clients.
