

# Consolidated Carpet Earns Healthcare Certification Through Starnet Worldwide & AAHID

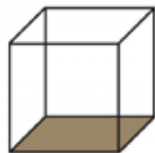

Consolidated Carpet is proud to announce our recent Healthcare Certification through Starnet Commercial Flooring Partnership and the American Academy of Healthcare Interior Designers.

Citing our history of successful healthcare projects such as NYU Langone Medical Center, Alexandria Center and Mount Sinai Medical Center, we've established our commitment to the healthcare segment. Along with our experience in the segment, Sales Executive Louis Pisani excelled at the training and certification test, becoming a Certified Starnet Healthcare Specialist here at Consolidated Carpet.

This partnership provides a great deal of benefits for our customers and partners, while establishing our organization as an expert in the healthcare segment. We are able to provide our customers with comprehensive product portfolio of flooring solutions for healthcare communities, priced specially for Healthcare Certified Partners. Consolidated Carpet continues to maintain proficiency in healthcare flooring products, installation, and maintenance and can provide customers with exceptional skills in budgeting products and services for healthcare facilities. Educated in Evidence Based Design and informed decisions, we can assist in producing the best outcomes for the healthcare community.

For more information on Consolidated Carpet's Healthcare Certification, supported by Starnet Commercial Flooring Partnership and AAHID, please visit Starnet's website at [www.starnetflooring.com](http://www.starnetflooring.com).
